

**Office of the Director  
of Central Intelligence**

13 May 1974

Note For: Howard Stoertz

Attached is something called the "NSDM 242 Declaratory Policy Report." We are marked for action. Would you please see that whatever action is required is taken and let me know what is involved. Could you or Ray also tell me what species of bureaucratic beast this document is and how much of it (if any) I need to read.

George A. Carver, Jr.  
Deputy for National Intelligence Officer
